

GYM MANAGEMENT SYSTEM

A-to-Z Features & Module Specification — University Project

Project Scope

This document contains a comprehensive feature list for a professional Gym Management System. It can be implemented as a university software project and scaled from a basic version to an advanced system.

1. Login & Security

- Admin/Staff/Trainer/Member login
- Username & password
- Forgot/change password
- Role-based access
- Account activation/deactivation
- Login history
- Logout

2. Admin Dashboard

- Total/active/expired members
- New members
- Total trainers
- Today's attendance
- Today's payments
- Pending payments
- Monthly revenue
- Expenses and profit/loss
- Upcoming membership expiry
- Quick actions

3. Member Management

- Add/edit/delete/search member
- Member profile and ID
- Personal/contact information
- Joining date and status
- Profile picture
- Emergency contact
- Optional medical/blood-group notes

4. Membership Management

- Monthly, 3/6-month, yearly and custom plans
- Basic/Premium/VIP plans
- Assign, renew, upgrade/downgrade
- Freeze/cancel membership
- Start/expiry dates
- Remaining days
- Membership history
- Automatic expiry status

5. Fees & Payments

- Membership, registration and trainer fees
- Discounts
- Paid/pending/remaining amount
- Payment history
- Cash/bank/online payment
- Refunds
- Monthly income report

6. Invoice & Receipt

- Invoice/receipt generation
- Unique invoice number
- Member and plan details
- Amount/discount/paid/remaining
- Payment method
- Print receipt
- PDF receipt

7. Attendance Management

- Check-in/check-out
- Daily/monthly attendance
- Absent/late status
- Attendance percentage
- Date/member search
- Optional QR/RFID/biometric attendance

8. Trainer Management

- Trainer profile and ID

- Specialization and experience
- Contact details
- Salary and joining date
- Assigned members
- Availability and schedule
- Active/inactive status

9. Personal Training

- Assign trainer to member
- Training packages
- Session count and schedule
- Completed/remaining sessions
- Trainer notes
- Progress tracking
- Personal training fee

10. Workout Schedule

- Daily/weekly/monthly workout plans
- Exercises, sets, reps and rest
- Workout duration
- Assign trainer/member

11. Diet & Nutrition

- Create and assign diet plans
- Breakfast/lunch/dinner/snacks
- Water intake
- Calories, protein, carbs and fats
- Weekly diet plan
- Diet notes

12. Member Progress

- Weight and height
- BMI
- Body measurements
- Body-fat record if available
- Progress dates
- Progress history and charts
- Optional before/after photos

13. Equipment Management

- Equipment ID/name/category
- Quantity
- Purchase date and price
- Condition/location
- Warranty
- Maintenance dates
- Broken/repair status

14. Equipment Maintenance

- Maintenance records
- Repair history
- Maintenance cost
- Service provider
- Next service date
- Maintenance reminders

15. Inventory Management

- Supplements/accessories/cleaning supplies
- Stock quantity
- Purchase/selling price
- Stock-in/stock-out
- Supplier information
- Low-stock alerts

16. Gym Store / POS

- Products/categories
- Barcode
- Shopping cart
- Quantity/discount/tax
- Payment
- Invoice
- Sales history
- Returns/refunds

17. Family / Group Membership

- Family plans
- Multiple members per account

- Group plans
- Family discounts
- Group payments
- Expiry tracking

18. Notifications & Alerts

- Membership expiry
- Payment due/received
- Attendance
- Low stock
- Equipment maintenance
- Trainer/class reminders

19. Reports & Analytics

- Member, attendance and payment reports
- Revenue/expense/profit reports
- Membership/trainer reports
- Equipment/inventory/sales reports
- Active/expired/new members
- Weekly/monthly/yearly reports

20. Expense Management

- Electricity, rent, salaries, equipment, maintenance, cleaning, internet, marketing and other expenses
- Expense category/date/amount/description
- Expense reports

21. Staff Management

- Staff profiles
- Job title
- Salary
- Joining date
- Attendance
- Leave
- Active/inactive
- Staff login and permissions

22. Staff Attendance

- Check-in/check-out

- Present/absent/late
- Leave status
- Monthly attendance
- Attendance report

23. Leave Management

- Apply leave
- Approve/reject leave
- Leave history
- Leave balance
- Staff leave report

24. Schedule Management

- Gym timings
- Trainer/member schedules
- Class schedules
- Holidays
- Events
- Room allocation

25. Gym Classes

- Yoga, Zumba, CrossFit, Cardio, Strength, HIIT etc.
- Create class
- Assign trainer
- Class timing
- Capacity
- Member registration
- Class attendance

26. Class Booking

- Book/cancel class
- Booking history
- Available seats
- Capacity management
- Upcoming classes

27. Offers & Discounts

- Discount codes

- Student/family discounts
- Seasonal offers
- New-member offers
- Referral discounts
- Coupons

28. Referral System

- Referral codes
- Referred members
- Referral rewards
- Discount/reward history

29. Customer Management

- Complaints
- Feedback and suggestions
- Support requests
- Follow-ups
- Contact history

30. Reviews & Feedback

- Member/trainer/gym ratings
- Feedback
- Complaint management
- Feedback reports

31. Registration System

- Personal information
- Membership selection
- Payment
- Trainer
- Workout/diet plan
- Generate Member ID, card and receipt

32. Membership Card

- Member photo/name/ID
- Membership type
- Start/expiry date
- QR code

33. QR Code System

- Member identification
- Attendance
- Membership verification
- Class check-in
- Digital membership card

34. Search & Filters

- Search by ID, name, phone, membership, trainer or date
- Filter active/expired/pending/paid/unpaid

35. Database Management

- Users
- Members
- Trainers
- Staff
- Memberships/plans
- Payments
- Attendance
- Workout/exercises
- Diet
- Progress
- Equipment/maintenance
- Inventory/products/sales
- Expenses
- Classes/bookings
- Notifications
- Feedback
- Referrals

36. Role & Permission System

- Admin: full access
- Manager: most modules
- Receptionist: members/payments
- Trainer: assigned members/workouts
- Accountant: payments/expenses
- Staff: attendance

- Member: own profile/plans

37. Backup & Data Security

- Database backup/restore
- Password encryption
- Permissions
- Activity/login logs
- Delete confirmation
- Soft delete

38. Activity Log

- Record who added/edited/deleted records
- Payment and membership actions
- Workout updates
- Administrative actions

39. Dashboard Charts

- Monthly revenue
- New members
- Membership types
- Attendance
- Expenses
- Profit
- Product sales
- Membership expiry

40. System Settings

- Gym name/logo
- Address/contact
- Opening hours
- Currency/tax
- Receipt settings
- Notification settings
- User settings

Recommended University Project Scope

Core modules to fully implement: Login & Security, Admin Dashboard, Member Management, Memberships, Payments, Attendance, Trainers, Workout Plans, Diet Plans, Progress Tracking, Equipment, Expenses, Reports, Database and Role-Based Permissions.

Advanced features worth adding: QR Attendance, QR Membership Card, PDF Receipts, Charts/Analytics, Inventory, Class Booking, Backup/Restore and Activity Logs.

Suggested Development Flow

- Requirements & feature finalization
- ERD/database design
- UI/screens design
- Authentication and roles
- Member and membership modules
- Payments and receipts
- Attendance and trainers
- Workout/diet/progress
- Equipment/inventory/expenses
- Reports and dashboard
- Testing, validation and final presentation
